

KNOWLEDGE ORGANISER: Art- Sculpture Year 4 Spring 1

Key Vocabulary

Surface	The outside of an object
Shape	The form of an object
Texture	The feel of an object
2D	Two-dimensional
3D	Three-dimensional
Form	Structure
Join	Connect two parts
Template	A guide
Ceramic	Made of clay
Abstract	Not representing reality
Carve	Remove, excavate
Hollow	Curved inwards
Quarry	Dig out
Figurative	Representing a figure
Visualisation	Form a mental image
Found object	Something which does not need to be bought

Key Knowledge

- Learn to develop ideas for 3D artworks through drawing. – Develop their understanding of the variety of materials available for 3D projects – Learn new techniques for sculpture, including carving. – Understand how to work safely with carving tools. – Learn to develop and refine sculptures to produce a final artwork.

Learning Intention: To understand how to develop ideas in 3D work through drawing and visualisation in 2D.

- Understand how shapes can be formed and/or joined with different materials to create sculptures.
- To use more complex techniques to shape materials, such as carving, which build a repertoire of techniques with 3D artworks.

Resources

Websites

Textbooks

✓ [KS2 Art and Design - BBC Bitesize](#)

Reading Links

- ✓ Recycled materials, i.e. cereal boxes, kitchen rolls and sticky tape to build their own sculptures.
