Form	The visible shape or configuration of something. the way something appears or exists, the way it was formed.
Join	To link and connect materials
Materials	Sculptures can be made out of different materials such as wire, buttons, pencils, clay, metal, plastic, stone, wood, glass, etc.
Carving	Carving is a way of making a sculpture, you can use tools to carve marks or cut the material.
Modelling	Modelling is how we use our hands and tools to create something using abstract and mathematical thinking.
Slip	A liquid that joins clay
Score	Marks where materials will be joined together.

Clay is the basic material used for pottery. It can be moulded and will keep the shape it has been put in. It hardens when fired which protects it from the effects of water.

Pinch pot

Clay tile

A pinch pot will be made by pinching the clay. The walls of the pot get thinner using a pinching technique with the thumb and forefinger.

The clay tile will be created using a variety of clay techniques and joins, including pressing in and scoring.
